WHAT WE KNOW ABOUT PEER-TO-PEER MARKETING

Consumer Moments of Truth in the Digital Context: How "Search" and "E-Word of Mouth" Can Fuel Consumer Decision Making

G. Moran, L. Muzellec, (University College Dublin/Michael Smurfit Graduate Business School), E. Nolan (Wonga.com) establish the cycle of e-WOM influence and explain how marketers can successfully manage MOTs. P200

How Contagious Is Your Viral Marketing Campaign? A Mathematical Model for Assessing Campaign Performance

New metrics for evaluating the effectiveness of both viral and non-viral components of peer-to-peer campaigns. M.T. Ewing, D.B. Stewart, D.R. Mather, J.D. Newton (Deakin University, Australia/ Marketing Decision Analysis Pty Ltd.). P205

What Makes People "Like" Comedic-Violence Advertisements?

Y. Kim (DePaul University), H.J. Yoon (Southern Methodist University) offer a model for predicting attitude and sharing intention for comedic-violence advertisements, shedding light on the characteristics of people who are likely to enjoy and share them. P217

When Do Advertising Parodies Hurt? The Power of Humor and Credibility in Viral Spoof Advertisements

O. Sabri (Université Paris-Est, UPEC, IRG), G. Michel (Sorbonne Graduate Business School) study the effects of negative advertising parodies created by amateurs and spread through social media, finding both humor and credibility a potent mix for changing consumer behaviors toward a brand. P233
